

Don't throw it out, Recycle it.

FREE
Recycling Program
with IPS Laser Express

Recycle your used ink and toner cartridges with IPS Laser Express!

It's easy. It's free. It's for a good cause.

Learn about IPS's recycling program with the Q&A's below:

What can I put in the Recycling box?

Any imaging supply, including all types and brands of empty ink and laser toner cartridges. It can be from your place of business as well as from home and personal use.

How do I order Recycling Boxes?

You can contact IPS as they would place a normal sales order or you can order them using your **online account** (part #115512 = 2 boxes). Boxes are 20"L x 16"W x 20"H.

Don't have an online account? Contact IPS and get set up today... **It's fast, easy and FREE!**

Who will drop off the boxes?

The boxes will be dropped off at your request via UPS or FedEx.

Will I have to pay to ship the box back?

No. The boxes will have a pre-paid shipping label. All you have to do is close the box and call for a pick-up.

When can I join this Recycling Program?

Immediately. Many of our customers are already participating in this program. As soon as you are ready to start, let us know and we'll deliver your first box!

What are the benefits?

Besides being free and effortless, it helps save the planet on which we live. Here are some amazing facts:

- More than 500 million cartridges are made every year.
- Three quarts of oil per cartridge equates to nearly 7 million barrels of wasted oil every year.
- Cartridges take more than 1,000 years to decompose.
